Re: Mine  
N 1/2 NW 1/4  
Sec. 17, T. 23 S., R. 24 E.  
Grand County, Utah

Dear Mr. Cohee:

This office has been notified that you are the operator of a mine on the above mentioned location and that the mine work began approximately June 1, 1976.

Perhaps you are not aware of your responsibility under the 1975 Mined Land Reclamation Act, if not, enclosed is a copy for your use. The Act calls for all new and existing mines to have filed an "approved notice of intention and reclamation plan" with this office. Some mining operations however are exempt from the Act. Those operations which disturb less than two acres or move less than 500 tons of material in one year are exempt. In these cases we ask for a one page "Declaration of Exemption" form to be completed (Form MR-3).

Also enclosed for your use are all the applicable forms. We look forward to hearing from you so that you can bring your operation into compliance with the State law. Let us know if we can assist you in any way.

Very Truly Yours,

Ronald W. Daniels  
Coordinator of Mined  
Land Development

RWD/lm
